

REMARKS

Claims 1-21 were in this case based on an Article 19 amendment filed in the PCT application from which this U.S. National Stage application derives. The claims are amended herein to delete multiply dependent claims and to correct minor typographic errors. The amendment is made to reduce excess claims fees in the application. On entrance of this amendment, claims 1-21 are in this case, of which one claim is independent. None of the claims are now multiply dependent.

This preliminary amendment adds no new matter to the claims.

Conclusion

It is believed that this submission does not itself require the payment of any fees. This preliminary amendment is filed with the response to Missing Requirements in this case. The claims as amended will be employed to recalculate the claims fees due in the above-referenced application. However, if this is incorrect, please charge any deficiency or credit any overpayment to Deposit Account No. 07-1969.

Respectfully submitted,
